

## Journey Level Carpenter

Are you a journey-level carpenter? Are you someone who can take a set of drawings and use them unaided to build the desired product? Are you interested in a company that is dedicated to cutting-edge high-efficiency homes? Do you take pride in your work, while still looking for new skills to learn? If so, Green Hammer is looking for you.

### Requirements

- A minimum 8 years of experience in residential construction
- Advanced ability to read and understand drawings with the ability to translate into the physical product
- Extensive multi-phase residential construction experience
- Framing experience and comfort with other carpentry tasks such as light finish carpentry, setting doors and windows, cabinetry, decking, siding, etc.
- Ability to perform physically exerting tasks including carrying, climbing, crawling, stooping, squatting, pushing, pulling, hauling, and lifting as much as 100 pounds
- Proven ability to maintain company and OSHA safety requirements
- Customer service and client interaction skills
- Ability to work as a member of a team, communicate with ease, and provide direction to other carpenters as necessary
- Self-motivated with problem-solving abilities
- Ability to work in a clean/tidy manner
- Own the necessary tools and equipment as well as a reliable means of transportation

### About Green Hammer Design Build

Green Hammer is a Certified B-Corporation and a leading sustainable design build firm in Portland, OR. Our mission is to inspire the evolution of our living environment by creating buildings that promote health and protect the planet. We focus on building zero energy homes and buildings that have the capacity to produce as much or more energy than they consume over the course of a year. Zero energy homes and buildings use significantly less energy than those built to standard building practices in the United States. A zero energy building has a high-performance building envelope that is air-tight, super-insulated, and absent of thermal bridges. High-performance windows and doors complete the envelope to prevent energy loss and reduce heating and cooling demand.

Our employees take pride in working for a company built on a strong reputation of award-winning designs, unparalleled craftsmanship, and high-quality client service. They share a passion for design, commitment to quality, dedication to communication and collaboration, and enjoy working within our design-build collaborative process.

Green Hammer is committed to Justice, Equity, Diversity, and Inclusion and is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.

### Benefits and Position Details

This is a full-time position with a competitive salary, benefits package, and a zero-interest new tool purchase loan program. Green Hammer is interested in a long-term relationship with every team member. We value the development of our employees and promote a strong work/life balance.
